This is to confirm that **Jheel Girish Bhandia** was engaged as a **Cybersecurity Specialist** with **First Quadrant Labs** from **November 16, 2025 to May 16, 2026**, for a period of **6-month**.

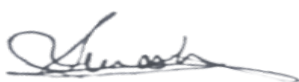

During this time, contributions were made toward a number of projects, including the following:

- **Establishing a Secure Remote Access Solution for Employees** – Developed a secure remote access solution ensuring confidentiality, integrity, and authentication to protect corporate resources and sensitive data for remote employees.
- **Scan for Open Redirection via Security Headers and exploit it using BurpSuite.** – Identified an open redirection vulnerability using Security Headers and validated it with BurpSuite to demonstrate phishing risk.
- **Critical Infrastructure Cyber Attack** – Analyzed finance-sector cyber threats and designed an OWASP-aligned training program to strengthen IT security and protect assets.
- **Establishing a Secure Virtual Private Network (VPN) for Remote Access** – Designed a secure, scalable VPN architecture with strong encryption, MFA, monitoring, and compliance.
- **Securing E-Commerce Websites and Online Payment Systems** – Strengthened website and payment security to prevent SQL injection, XSS, and phishing attacks, ensuring safe online transactions.
- **Implementing Security into a Secure Password Manager Application** – Developed a secure, cross-platform password management system with strong encryption, MFA, RBAC, encrypted backups, usability features, and compliance monitoring.

Throughout the on job training, the work reflected professionalism, discipline, and a proactive approach to problem-solving. Deliverables were completed with consistency and precision, contributing meaningfully to the objectives of the organisation.

We are pleased to confirm the successful completion of the on job training at First Quadrant Labs and extend our best wishes for continued success in future endeavours.

Kind regards,

Suresh Venkataraman
